EDUCATION

University of Cologne <i>M.A. in Digital and Computational Archaeology</i>	Cologne, Germany <i>Sep 2025 – Sep 2027 (Expected)</i>
Shahid Beheshti University <i>M.A. in Prehistoric Archaeology; GPA: 4.00 /4.00 (19/20)</i>	Tehran, Iran <i>Sep 2023 – Sep 2025</i>
Shahid Beheshti University <i>B.Sc. in Archaeology (Minor Subject: Animal Biology); GPA: 3.99/4.00 (18.63/20)</i>	Tehran, Iran <i>Sep 2019 – Jun 2023</i>

RESEARCH INTERESTS

- Specialized in Prehistoric Archaeology of the Middle East, with a focus on the Neolithic and Chalcolithic periods.
- Aiming to advance the use of scientific methods in archaeology, particularly through the integration of AI technologies in archaeological methodologies.
- Interested in ceramology, with a focus on analyzing motifs on pottery.

FIELD EXPERIENCE

Archaeological Excavation <i>Cheshmeh Ali, Rey - Director of T. T. I / Supervisor of Tr. I</i>	Tehran Province, Iran <i>Oct 2024 – Nov 2024</i>
• Director of Excavation: Dr. H. Valipour, Director of Tr. I: Dr. I. Mostafapour	
Archaeological Excavation <i>Qal'e Bala, Bijar - Team member of Tr. II</i>	Kurdistan Province, Iran <i>Sep 2023 – Nov 2023</i>
• Director of Excavation: Dr. H. Valipour, Director of Tr. II: Dr. I. Mostafapour	

WORK EXPERIENCE

Teaching Assistant <i>Shahid Beheshti University</i>	Tehran, Iran <i>Feb 2024 – Feb 2025</i>
• An introduction to Archaeological Sciences, <i>Assistant to</i> Dr. K. MohammadKhani	
• Archaeology of Mesopotamia from Paleolithic to Neolithic Period, <i>Assistant to</i> Dr. I. Mostafapour	
• Archaeology of Iran in the Neolithic and Chalcolithic Periods, <i>Assistant to</i> Dr. I. Mostafapour	
Collections Management Assistant <i>National Museum of Iran</i>	Tehran, Iran <i>Nov 2019 – Feb 2020</i>
• Organized and documented a large backlog of old archaeological finds; performed physical cleaning and archival packing while digitizing the collection through photography and database entry to make the materials searchable for researchers.	

COURSES AND GRADES

Interdisciplinary Research in Archaeology	20/20
Applied Softwares in Archaeology	20/20
Cartography and Map Interpretation	20/20
Pottery in Archaeology	19/20
Archaeology of Iran in the Paleolithic Period	19.75/20
Archaeology of Iran in the Neolithic and Chalcolithic Periods	19/20
Archaeology of Iran in the Iron Age	20/20
Archaeology of Mesopotamia from Paleolithic to Neolithic Period	20/20
Archaeology of Mesopotamia from Neolithic to Proto-literate Period	20/20
Evolution	19.5/20

For the full grades, see [here](#).

AWARDS

Top-Ranked Graduate: Achieved the highest academic ranking among graduates in the Bachelor's program.

Exceptionally Talented Student: Selected based on academic excellence and performance at the university.

THESIS

The Application of Artificial Intelligence in Archaeology: A Case Study on Cheshmeh Ali Pottery

- Master's thesis under the supervision of Dr. H. Valipour from the Department of Archaeology, and Dr. S. Kheradpisheh from the Department of Computer Science as an advisor.
- Conducted as part of a multidisciplinary research team comprising two computer science students, two physics students, and one archaeology student.

COURSE-BASED PROJECTS

Study of Figurines in Prehistoric Mesopotamia

- *Course:* Archaeology of Mesopotamia From Neolithic to Proto-Literate Period, *Taught by:* Dr. I. Mostafapour
- Completed a descriptive-analytical research project focusing on prehistoric figurines in Mesopotamia. Emphasized the cultural, ritual, and artistic significance of these artifacts to gain a deeper understanding of the cultural complexity and advancement of these societies.

Review Article on "Analysis of the Socio-Political Structure of Shahr-I-Sokhta in the 3rd Millennium B.C."

- *Authors:* Abdi, k. and Ganji, S. (2018)
- *Course:* Archaeology of Iran in the Bronze Age, *Taught by:* Dr. A. Naghshineh
- Analyzed the emergence of urbanization and related issues in various archaeological contexts. Focused on the socio-political structure of Shahr-I-Sokhta by examining architectural variables, burial practices, administrative documents, and settlement patterns.

The Roundhouse Horizon along the Taurus-Zagros Arc

- *Course:* Archaeology of Iran in the Neolithic and Chalcolithic Periods, *Taught by:* Dr. H. Valipour
- Aimed to provide a brief overview of circular architecture found along the Taurus-Zagros mountain range, ultimately tracing the evolution of architectural forms from circular to rectangular structures.

MEMBERSHIPS

Member of Scientific Association of Archaeology Students

Shahid Beheshti University

Tehran, Iran

Sep 2019 – Sep 2025

- Consistently engaged in weekly executive meetings, providing innovative suggestions and strategic guidance to boost the association's overall impact.
- Coordinate and implement a range of events, including educational workshops and screen archaeological documentaries followed by facilitated discussions to explore key themes and insights.

Member of Society for Iranian Archaeology

Society for Iranian Archaeology

Tehran, Iran

Oct 2020 – Present

- Actively engage in discussions regarding the most recent developments and significant discoveries in the field of archaeology, staying informed about current advancements and contributing to scholarly discourse.
- Participate in academic conferences to exchange insights, fostering collaborative learning and gaining a deeper understanding of emerging research in the field.

TALKS

The Experience of Archaeological Excavation as a Student (Project QBB2023)

Shahid Beheshti University, Faculty of Letters and Human Sciences

Tehran, Iran

Dec 2023

- detailing the site excavation process, the archaeological methodologies employed and the key findings and lessons learned throughout the project.

Archaeology and Evolution; How Are They Related?

Shahid Beheshti University, Faculty of Life Sciences and Biotechnology

Tehran, Iran

Oct 2022

- Discussed the connection between human evolution and archaeology, focusing on how biological evidence aids archaeologists in analyzing data and understanding human development.

SKILLS

Tools and Technologies: Highly adaptable to new software environments; experienced in quickly self-teaching tools for specific research and documentation project requirements.

Languages: Persian (Native), English (Advanced), German (Beginner)

WORKSHOPS AND CONFERENCES

Understanding Machine Learning <i>DataCamp - Hadrien Lacroix, Sara Billen, Lis Sulmont</i>	<i>Sep 2024</i>
Understanding Artificial Intelligence <i>DataCamp - Iván Palomares</i>	<i>Sep 2024</i>
Introduction to Python <i>DataCamp - Hugo Bowne Anderson</i>	<i>Aug 2024</i>
Water Governance in the Culture and civilization of Iran and neighboring lands <i>Society of Iranian Archaeology (SOIA) - Certificate of Executive Cooperation</i>	<i>Apr 2024</i>
Cooperation with SESAME International Laboratory Conference <i>Institute For Research In Fundamental Sciences (IPM)</i>	<i>Feb 2024</i>
An Introduction to GIS <i>Scientific Association of SBU Archaeology Students</i>	<i>Jul 2023</i>
An Introduction to Drawing Archaeological Pottery <i>Scientific Association of SBU Archaeology Students</i>	<i>Mar 2023</i>
Archaeological Paper Writing <i>Scientific Association of SBU Archaeology Students</i>	<i>May 2022</i>
Human Osteology <i>Haft Tappeh and Tchogha Zanbil World Heritage Base</i>	<i>May 2022</i>
Plant Remains in Archaeology <i>Università di Napoli L'Orientale</i>	<i>Mar 2022</i>
Interpretation of Prehistoric Stone Tools <i>Scientific Association of SBU Archaeology Students</i>	<i>Feb 2022</i>
Zoology in the Field of Cultural Heritage <i>Cultural Heritage and Tourism Research Institute</i>	<i>Dec 2021</i>
Genetic Genealogy and Biosafety Considerations in Archaeological Excavations <i>Cultural Heritage and Tourism Research Institute</i>	<i>Dec 2021</i>
Human Evolution in Iran <i>Interdisciplinary Schools</i>	<i>Jun 2021</i>
The Application of Sciences in Archaeology <i>Ministry of Cultural Heritage, Handicrafts and Tourism Organization of Iran</i>	<i>May 2021</i>
Anatomy of the Skeletal System in Animals <i>University of Tehran</i>	<i>May 2021</i>
Bone Histology and the Use of Anthropology in Archaeological Studies <i>Cultural Heritage and Tourism Research Institute</i>	<i>May 2021</i>
Phylogeny, Ontogeny, and Skeletal System Structure Studies <i>Cultural Heritage and Tourism Research Institute</i>	<i>May 2021</i>
DNA Extraction Methods from Ancient Bones and Their Analysis <i>Cultural Heritage and Tourism Research Institute</i>	<i>Feb 2021</i>
